

Welcome to Red Oak Behavioral Health.

Thank you for choosing Red Oak to be your behavioral health care provider.

We are committed to making your time with us a safe and collaborative experience. Our approach to care is built on the principles of Trauma-Informed Care which prioritize your safety both physically and emotionally.

At Red Oak, we want to hear from you. We encourage you to express your voice and choice about treatment direction and strive to honor your cultural, historical and gender issues by being collaborative and transparent in our work. This includes discussing diagnosis, treatment planning, session feedback and discharge planning.

Our providers will assist you using evidence-based strategies and ensure you have access to the community resources you need. Our services can be delivered in person or virtually based on your preference and provider availability.

It is our goal to provide you with safe and supportive behavioral health services that meet you where you are. If you have questions about the care we provide or our trauma-informed process, please contact our Director of Clinical Services:

Ann Robson, LPCC-S  
330-564-2466

Thank you again for choosing Red Oak. We are so glad you're here.

Sincerely,

A handwritten signature in black ink that reads "Megan Kleidon". The signature is written in a cursive, flowing style.
